

## LAB 10 Report

### Home Page:

A screenshot of a web browser displaying a 'Sign Up' form. The form is overlaid on a background image of a lake and mountains. The form fields are as follows:

- First Name:
- Last Name:
- E-Mail:
- Password:
- Confirm Password:

Below the form are two buttons: 'Sign Up' and 'Login'.

### User 1 Details:

A screenshot of the same 'Sign Up' form, but with the following details filled in:

- First Name:
- Last Name:
- E-Mail:
- Password:
- Confirm Password:

The 'Sign Up' and 'Login' buttons are still visible below the form.

### User 2 Details:

  "Firstname": "sairam",
  "Lastname": "ram",
  "Email": "sairamk@gmail.com"
}
```

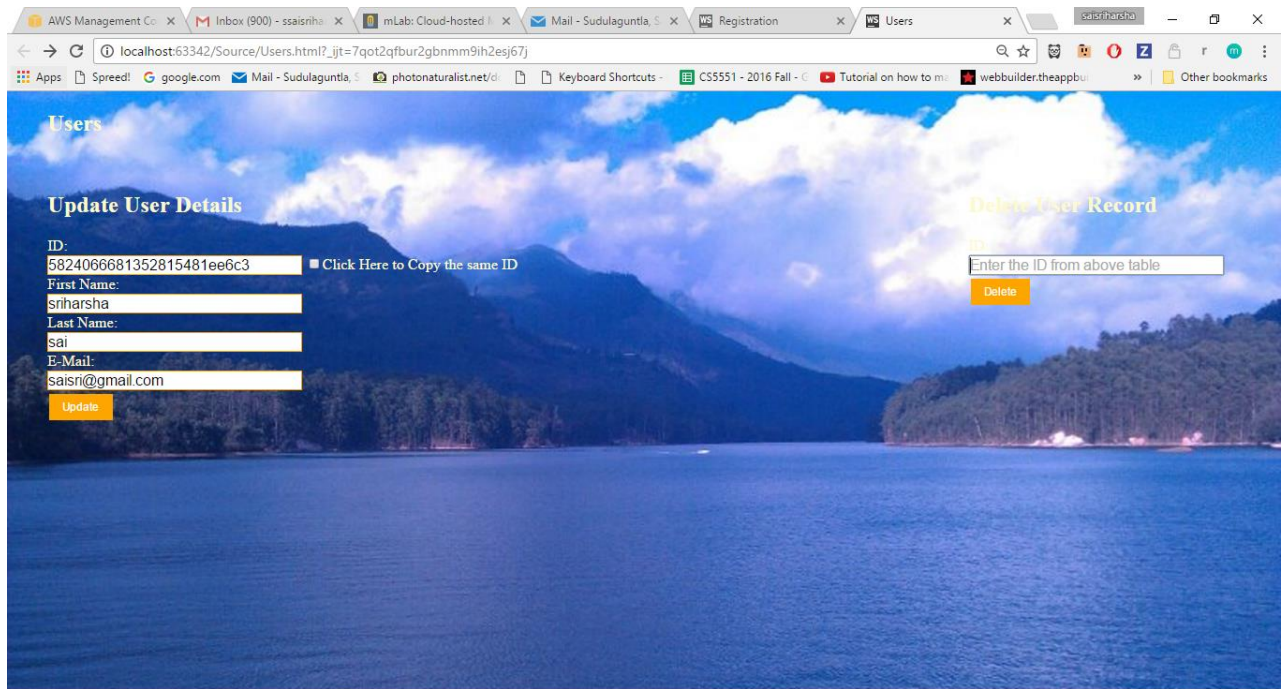

**Documents (aka Objects)**

From the "Documents" tab you can browse and search for objects in this collection. All standard query constructs are supported except for `map/reduce` queries. To use `map/reduce`, use the MongoDB shell (note that temporary result collections will be viewable in mLab).

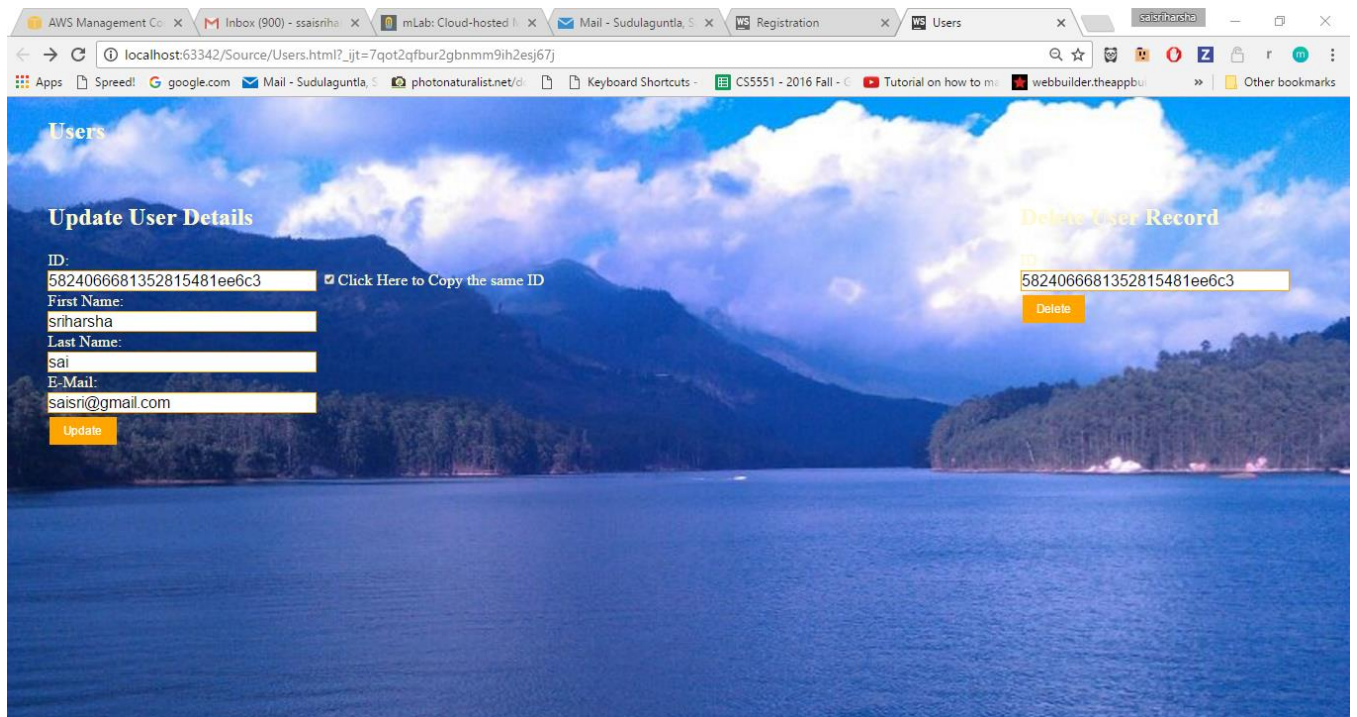

You can also add, edit, and delete individual documents from here. Bulk collection updates are not yet supported in this UI (although they are supported in the shell).
